About Pioneers Integrated Solutions (PIS)

About PIS: At a Glance Pioneers PIS is a globally recognized ISO-certified training and consultancy company. Since

2012, we have empowered over 20,000 professionals across Asia, North America, Europe, and Africa with the skills to enhance performance, increase productivity, and drive business success.

Our Vision

Pioneers Integrated Solutions' vision is to become the largest and best provider of training for students, recent graduates, engineers, and professionals in all fields in Egypt and worldwide.

Our Mission To deliver high-quality inspections, value-added consultancy, and comprehensive training programs that enhance knowledge and expertise across all industries.

Our Core Values Our client-centric approach is built on a foundation of:

Mastery & Excellence in everything we do.

Innovation & Reliability in our services and solutions.

Integrity & Commitment to our clients' success.

Why Choose Pioneers PIS?

We are the strategic partner for organizations and professionals seeking to excel. Our unique strengths include:

Global Expertise, Local Presence: Operating from key industry hubs including Cairo, Riyadh, Abu Dhabi, and Hollywood.

Tailored Solutions: Offering both public courses and customized in-house training designed for the Oil, Gas, Energy, and Petrochemicals sectors and beyond.

Elite Trainers: Our team includes Harvard-certified professionals, PhDs, and industry-leading experts dedicated to delivering relevant, high-impact content.

Proven Track Record:

1,000+ Courses Completed

15,000+ Delegates Trained

15+ Countries Served

Who We Serve

Organizations: We provide qualifying facilities for compliance (e.g., National Food Safety Authority) and deliver tailored training to meet specific strategic goals.

Engineers & Professionals: We offer specialized consultancy and inspection services to drive industry excellence.

Students & Graduates: We build foundational competency through courses in Total Quality Management (TQM), Lean Six Sigma, and other critical fields.

Let us help you achieve your goals. Partner with Pioneers PIS to build a more skilled, efficient, and successful future.

PIS's Clients

PIS Training: Where Strategy Meets Execution: For over a decade, we've empowered more than 20,000 professionals and organizations to not just adapt to the future, but to define it. We move beyond theory to deliver the actionable skills and strategic insights that drive real-world results.

Your Partner in Transformation:

- **Future-Proof Curriculum:** Don't follow trends; master them. Our courses are built on the cutting edge of industry needs.
- **Provable Expertise:** Our certifications are more than a credential—they are a recognized signal of mastery and commitment.
- **Tailored Empowerment:** We transform your team's potential into a measurable competitive advantage.

Ready to build a workforce that leads? Let's architect your success like ours clients

PIS Learning Solutions

Flexible Delivery for Modern Challenges

We understand that effective learning happens in different ways. That's why we offer our expert-led courses across multiple platforms, ensuring a powerful and convenient experience that fits your purpose, schedule, and organizational needs.

1. Onsite / In-House Training

The Solution: We bring the training directly to your team, at your location.

The Benefit: Perfect for training entire teams or departments on company-specific procedures, fostering teamwork, and building a unified culture of excellence. Maximizes relevance and direct application to your unique environment.

2. Public Training Events

The Solution: Engage in our open-enrollment courses held at premium hotel or resort facilities.

The Benefit: Offers a dedicated learning environment away from daily distractions. Provides invaluable networking opportunities with peers from other leading organizations, fostering the exchange of ideas and best practices.

3. Virtual / Online Training

The Solution: High-quality, interactive learning delivered live online by our expert facilitators.

The Benefit: A flexible and cost-effective solution for geographically dispersed teams. Experience the engagement of a real classroom with the convenience of logging in from anywhere, without compromising on the quality of interaction or dedication of our trainers.

No matter how you learn best, we deliver the same standard of excellence, practical content, and expert guidance.

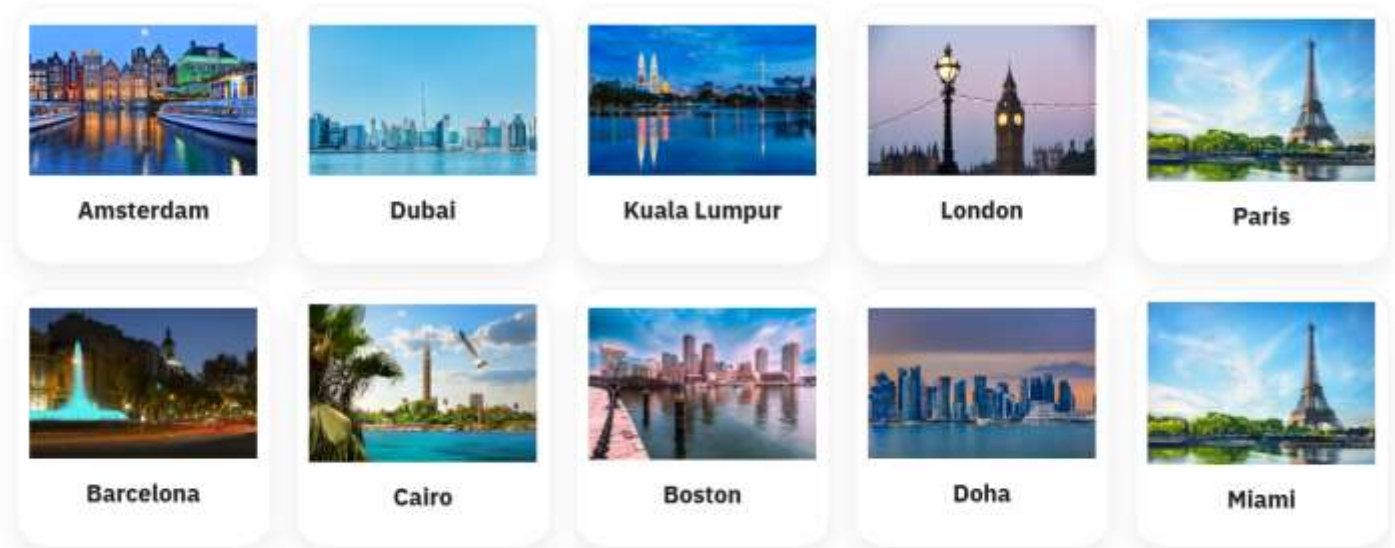

PIS's Training Venues

Learn in the World's Most Inspiring Cities

With a presence in over 30 global hubs, we bring world-class training to your doorstep. Whether you're looking to immerse your team in a local session or send delegates to an international flagship event, our global network ensures a premier learning experience everywhere we operate.

Explore a Selection of Our Premier Destinations:

PIS's Training Methodology

The PIS 360° Learning Impact Model: At PIS Learning Solutions, we believe effective training is a strategic process, not a single event. Our methodology is a holistic cycle designed to ensure knowledge is not just absorbed, but applied, retained, and measured for a clear return on your investment.

Our 360° Learning Impact Model is built on four distinct phases:

Phase 1: ANALYZE & ALIGN *(Before the Training)*

We begin by understanding your unique world. This phase ensures the training is perfectly tailored to your specific challenges and business objectives.

- **Needs Analysis:** We conduct consultations to identify specific skills gaps, performance issues, and strategic goals.
- **Customization:** Course content, case studies, and examples are tailored to your industry, company culture, and even your specific projects.
- **Pre-Assessments:** Where applicable, we benchmark participants' current knowledge to measure growth accurately.

Outcome: A training program that is a strategic solution, not just a generic course.

Phase 2: ENGAGE & EXPERIENCE *(During the Training)*

Learning is most effective when it's active and engaging. We move beyond lecture-based teaching to create an immersive learning environment.

- **Expert-Led Delivery:** Our trainers are seasoned industry professionals who bring real-world experience and practical insights, not just theoretical knowledge.
- **Interactive Learning:** We utilize a dynamic mix of:
 - **Case Studies:** Real-world scenarios relevant to your sector.
 - **Practical Workshops:** Hands-on exercises to apply concepts immediately.
 - **Group Discussions & Role-Plays:** Foster collaboration and problem-solving.
 - **Technology-Enhanced Learning:** Use of digital tools and platforms to increase engagement.
- **Safe Learning Environment:** We encourage open dialogue, questions, and the freedom to practice new skills without fear of failure.

Outcome: An engaging and practical learning experience that builds confidence and competence.

Phase 3: APPLY & SUSTAIN *(After the Training)*

The true value of training is revealed back on the job. We provide tools and support to bridge the gap between the classroom and the workplace.

- **Action Planning:** Participants create personalized plans to implement their new skills immediately.
- **Job Aids & Resources:** Access to digital toolkits, templates, and reference materials for ongoing support.
- **Reinforcement Modules:** Optional short follow-up sessions (e.g., virtual check-ins) to refresh key concepts and address challenges.
- **Manager Support:** We provide guides for managers to coach and reinforce the learning within their teams.

Outcome: Successful transfer of learning, leading to improved individual and organizational performance.

Phase 4: MEASURE & IMPROVE (Evaluating Impact)

We prove our value by measuring the results. This phase closes the loop, providing data-driven insights into the training's effectiveness and ROI.

- **Kirkpatrick Model Evaluation:**
 - **Level 1: Reaction:** Measure participant satisfaction and immediate feedback.
 - **Level 2: Learning:** Assess the increase in knowledge and skills through post-training assessments.
 - **Level 3: Behavior:** Evaluate the application of skills on the job through surveys and manager feedback (3-6 months post-training).
 - **Level 4: Results:** Work with you to measure the business impact (e.g., increased productivity, reduced errors, higher sales, improved safety records).
- **Continuous Improvement:** We use this data to continuously refine and improve our course content and delivery.

Outcome: Tangible proof of value and a partnership focused on continuous improvement and your success.

PIS Learning Solutions:

2026 Strategic Training Framework Aligned with Saudi Vision 2030

Our Vision for 2026: To be the **undisputed strategic training partner** for organizations contributing to the Saudi Vision 2030. We are committed to building a **future-ready Saudi national workforce** by delivering specialized training that develops the core competencies required to achieve the Vision's goals of a vibrant society, a thriving economy, and an ambitious nation.

Introduction: This framework is our blueprint for empowering the Kingdom's human capital. Each of our **28 sectors** is meticulously aligned with the key pillars and goals of **Vision 2030**. We don't just offer courses; we deliver targeted training interventions that directly support the diversification, modernization, and professionalization of the Saudi economy, fostering a culture of excellence, innovation, and global competitiveness.

Strategic Alignment: How Our Sectors Power Vision 2030

We have mapped our training sectors to the three core themes of Vision 2030:

1. A Vibrant Society (Building a Productive and Capable Nation) Our programs under this pillar focus on social development, public service efficiency, and cultural enrichment.

- **HSE (Health, Safety, Security & Environment):** Supports a thriving and well-maintained society.
- **HMH (Hospital Management & Healthcare):** Directly enables the "Healthier Lives" initiative to improve healthcare services.
- **TCH (Tourism & Hospitality):** Empowers the workforce for the "Vibrant Society" and "Entertainment" giga projects (e.g., NEOM, Red Sea Project).
- **MLG (Municipality Services & Urban Development):** Develops skills for modernizing public administration and building sustainable cities.
- **LND (Learning & Development):** Builds the capacity of Saudi trainers and educators, creating a self-sustaining ecosystem of learning.

2. A Thriving Economy (Unlocking Capabilities & Economic Diversification) This is our core focus, with sectors designed to fuel the non-oil economy, privatize industries, and attract investment.

- **PWL (Procurement, Logistics & SCM):** Builds the backbone of a logistics hub, a key goal for becoming a global trade connector.
- **BKI (Banking & Investment):** Develops the financial sector to support private sector growth and FDI.
- **OIL (Oil & Gas): Critical:** Provides advanced training to **saudize** the energy sector and maximize value from the Kingdom's core resources.
- **ITN (Information Technology):** Fuels the "Digital Transformation" and "Innovation" goals, building skills in AI, cybersecurity, and cloud computing.
- **CCE/MAE/EEE/MEM (Engineering Sectors):** Provides the technical expertise for giga-projects and industrial diversification (e.g., manufacturing, renewables).
- **QAP (Quality & Productivity):** Instills a culture of efficiency and excellence in Saudi businesses, enhancing global competitiveness.

3. An Ambitious Nation (Effective Governance & Strategic Leadership) Our programs here focus on strengthening public sector effectiveness, regulatory frameworks, and national leadership.

- **MLD (Management & Leadership):** Develops the next generation of Saudi leaders in both public and private sectors.
- **HRM (Human Resources):** Modernizes HR practices to attract, retain, and develop top national talent.
- **LTC (Legal & Contract Management):** Strengthens the legal and contractual frameworks essential for international business and protecting national interests.
- **TRM (Tax & Revenue Management):** Supports the development of a robust non-oil revenue system (e.g., Zakat, Tax, VAT).
- **POC (Customs and Port):** Enhances the efficiency of trade gateways, facilitating the flow of goods and supporting economic growth.

Our Commitment to the Kingdom:

- **Localized Content:** Our courses will incorporate Saudi-specific case studies, regulations, and cultural contexts.
- **Saudization Support:** We are committed to knowledge transfer, developing Saudi trainers, and partnering with local institutions to build internal capabilities.
- **Strategic Partnerships:** We seek to collaborate with government entities (e.g., HRSD, TVTC), semi-government organizations, and private sector leaders on national upskilling initiatives.

Is your organization aligned with Vision 2030? Your success is the Kingdom's success. Partner with PIS to ensure your team possesses the **critical skills** to lead, innovate, and excel in the new Saudi economy.

Let us help you:

- **Saudize your workforce** with certified competency.
- **Win contracts** in giga-projects with a highly skilled team.
- **Improve productivity and quality** to international standards.
- **Navigate the evolving regulatory and economic landscape.**

Information Technology & Network (ITN)

Focus: Cybersecurity, cloud computing, networking, software development.

Audience: IT managers, network engineers, developers, security analysts.

Technology, Data & Digital Transformation Sector

This sector is the **STRATEGIC ENGINE** for **INNOVATION** and **EFFICIENCY** in the modern organization, functions as the **central nervous system and strategic innovation hub** of the contemporary enterprise. It transcends the traditional role of a support function to become the **primary catalyst for growth, resilience, and competitive differentiation**.

Its core mandate is to **orchestrate the organization's digital destiny** by harnessing a powerful convergence of technologies: cloud computing, artificial intelligence, data analytics, and ubiquitous connectivity. This is not merely about maintaining systems; it is about **reimagining business models, optimizing every operational facet, and creating unparalleled customer experiences**.

By integrating cutting-edge technology with robust data governance and a culture of agile innovation, this sector future-proofs the organization. It ensures that data is transformed into actionable intelligence, that processes are automated for peak efficiency, and that the entire enterprise is equipped to not just adapt to the digital economy, but to actively define it. Its mission is to propel the organization from a position of digital literacy to one of **digital mastery**, securing its market leadership for the future.

UNIT	FOCUS	TARGET AUDIENCE
(ITN) Information Technology & Network	Managing the internal technological infrastructure, including hardware, software, data centers, and enterprise networks.	All internal employees and departments as end-users.
(TEL) Telecommunications Engineering	Designing, implementing, and managing systems for voice, data, and video transmission over long distances.	Service providers, enterprise clients, and end-consumers of telecom services.

1. Information Technology & Network (ITN)

PIS_ITN_26_120	Managing IT Projects Effectively	22 – 26 NOV	London	\$5,950
PIS_ITN_26_121	Cyber Counterterrorism Investigation and Internet Investigation	29 NOV – 03 DEC	Kuala Lumpur	\$5,950
PIS_ITN_26_122	Maintenance Scheduling Using Big Data, IoT and Agent Based Simulation	29 NOV – 03 DEC	Milan	\$5,950
PIS_ITN_26_123	IT Business Management	06 – 10 DEC	Istanbul	\$5,950
PIS_ITN_26_124	Kaspersky Configuration and XDR Configuration	06 – 10 DEC	Madrid	\$5,950
PIS_ITN_26_125	Computing Technology Industry Association (CompTIA Security+)	13 – 17 DEC	Jeddah	\$5,250
PIS_ITN_26_126	ITIL® V4 Foundation	13 – 17 DEC	Dubai	\$5,250
PIS_ITN_26_127	IT Data Storage Networks	20 – 24 DEC	Istanbul	\$5,950
PIS_ITN_26_128	IT Systems Identity and Access Management	20 – 24 DEC	Jakarta	\$5,950
PIS_ITN_26_129	COBIT 2019 Foundation	27 – 31 DEC	Istanbul	\$5,950
PIS_ITN_26_130	IT Service Desk	27 – 31 DEC	London	\$5,950

Telecommunications Engineering (TEL)

Focus: 5G/6G, fiber optics, network infrastructure, telecom regulations.

Audience: Telecom engineers, network architects, technical sales.

2. Telecommunications Engineering (TEL)

Telecommunications Engineering (TEL)				
Course Code	Course Name	Implementation Date	Venue	Price (USD)
PIS_TEL_26_001	3G Network Optimization and Link Planning	04 – 08 Jan	Istanbul	\$5,950
PIS_TEL_26_002	LTE-Advanced Technologies	11 – 15 Jan	Cairo	\$5,250
PIS_TEL_26_003	4G LTE Training Certification	18 – 22 Jan	Riyadh	\$5,250
PIS_TEL_26_004	Microwave Link Planning	25 – 29 Jan	Dubai	\$5,250
PIS_TEL_26_005	5G NR EN-DC NSA	01 – 05 Feb	Jeddah	\$5,250
PIS_TEL_26_006	Mobile Broadband Transformation Training	08 – 12 Feb	Cairo	\$5,250
PIS_TEL_26_007	5G Systems Setup and Testing	15 – 19 Feb	Paris	\$5,950
PIS_TEL_26_008	Next Generation Wireless Networks	22 – 26 Feb	Madrid	\$5,950
PIS_TEL_26_009	Advanced Digital Communication Techniques	01 – 05 Mar	Istanbul	\$5,950
PIS_TEL_26_010	Operational System Planning and Video Management System	08 – 12 Mar	London	\$5,950
PIS_TEL_26_011	Advanced Satellite Communication Systems and IP in Modern Networks	15 – 19 Mar	Cairo	\$5,250
PIS_TEL_26_012	Packet Switch Core Network System Principles	22 – 26 Mar	Antalya	\$5,950
PIS_TEL_26_013	Antenna Systems Operation, Installation and Troubleshooting	29 Mar – 02 Apr	Austria	\$5,950
PIS_TEL_26_014	Microwave Transmission Engineering and Link Planning	05 – 09 Apr	Jeddah	\$5,250
PIS_TEL_26_015	ATS Message Handling Service (AMHS) – CNS	12 – 16 Apr	Istanbul	\$5,950
PIS_TEL_26_016	Pathloss V Workshop	19 – 23 Apr	Dubai	\$5,250
PIS_TEL_26_017	Communication Antenna, RF Systems and Propagation	26 – 30 Apr	Cairo	\$5,250
PIS_TEL_26_018	Radio Access Networks for UMTS (Principles and Practice)	03 – 07 May	Istanbul	\$5,950
PIS_TEL_26_019	Digital Communication Techniques	10 – 14 May	Barcelona	\$5,950

Telecommunications Engineering (TEL)

Course Code	Course Name	Implementation Date	Venue	Price (USD)
PIS_TEL_26_020	RF Design and Applications	17 – 21 May	London	\$5,950
PIS_TEL_26_021	Fundamental of Closed-Circuit Television (CCTV)	24 – 28 May	Riyadh	\$5,250
PIS_TEL_26_022	Radio Spectrum Monitoring Overview and Industry Applications	31 May – 04 Jun	Abu Dhabi	\$5,250
PIS_TEL_26_023	Gigabit Ethernet Training	07 – 11 Jun	Alexandria	\$5,250
PIS_TEL_26_024	Signaling System No.7 – SS7	14 – 18 Jun	Paris	\$5,950
PIS_TEL_26_025	Advanced Satellite Communication Systems Planning and Coordination	21 – 25 Jun	Dubai	\$5,250
PIS_TEL_26_026	Microwave Transmission Networks	28 Jun – 02 Jul	Riyadh	\$5,250
PIS_TEL_26_027	ATS Message Handling Service (AMHS) – COM-OPS	05 – 09 Jul	Madrid	\$5,950
PIS_TEL_26_028	Spectrum Monitoring Fundamentals	12 – 16 Jul	London	\$5,950
PIS_TEL_26_029	Fundamental of Closed-Circuit Television (CCTV) and Security Guard Officer	19 – 23 Jul	Antalya	\$5,950
PIS_TEL_26_030	Telecom CDR (Call Detail Record) Decoding and Analysis	26 – 30 Jul	Cairo	\$5,250
PIS_TEL_26_031	Global Maritime Distress and Safety System (GMDSS)	02 – 06 Aug	London	\$5,950
PIS_TEL_26_032	Telecommunications and Wide Area Networking (WAN)	09 – 13 Aug	Cairo	\$5,250
PIS_TEL_26_033	GSM Systems Operations and UMTS System	16 – 20 Aug	Istanbul	\$5,950
PIS_TEL_26_034	Telecom Radio Network (RN) L1 to L3	23 – 27 Aug	Sharm El Sheikh	\$5,250
PIS_TEL_26_035	Introduction to 5G Technology	30 Aug – 03 Sep	Vienna	\$5,950
PIS_TEL_26_036	Tetra over LTE	06 – 10 Sep	Cairo	\$5,250
PIS_TEL_26_037	LTE Planning and Optimization Training	13 – 17 Sep	Istanbul	\$5,950
PIS_TEL_26_038	Tower Climber and Rescue	20 – 24 Sep	Dubai	\$5,250
PIS_TEL_26_039	Fundamental of VSAT Systems	27 Sep – 01 Oct	Istanbul	\$5,950

Telecommunications Engineering (TEL)

Course Code	Course Name	Implementation Date	Venue	Price (USD)
PIS_TEL_26_040	UMTS and LTE Implementation	04 – 08 Oct	Paris	\$5,950
PIS_TEL_26_041	LTE Implementation and EPS System Technical Overview	11 – 15 Oct	Cairo	\$5,250
PIS_TEL_26_042	Verifying Technical Equipment Compliance to Regulatory Standards	18 – 22 Oct	Cairo	\$5,250
PIS_TEL_26_043	Ground Penetrating Radar (GPR)	25 – 29 Oct	Austria	\$5,950
PIS_TEL_26_044	WiMAX Technologies and Deployment	01 – 05 Nov	Abu Dhabi	\$5,250
PIS_TEL_26_045	IP in Telecoms (Datacoms for Telecoms Professionals)	08 – 12 Nov	Istanbul	\$5,950
PIS_TEL_26_046	Spectrum Monitoring, Measurements and Practical Application	15 – 19 Nov	Dubai	\$5,250
PIS_TEL_26_047	GSM Systems Operations	22 – 26 Nov	Alexandria	\$5,250
PIS_TEL_26_048	UMTS System	29 Nov – 03 Dec	Istanbul	\$5,950
PIS_TEL_26_049	GMDSS Equipment Installation, Maintenance and Troubleshooting	06 – 10 Dec	Amsterdam	\$5,950
PIS_TEL_26_050	Spectrum Planning and Management	13 – 17 Dec	Vienna	\$5,950
PIS_TEL_26_051	Introduction to Satellite Communications and Marine VSAT	20 – 24 Dec	Dubai	\$5,250
PIS_TEL_26_052	Wireless Communications	27 – 31 Dec	Istanbul	\$5,950
